W A L L E T

IMPORT

CREATE NEW

Create a 6 digit code,
which you will use to log
in to your wallet

A mobile application interface for entering a PIN. At the top left is a back arrow. To its right is a progress indicator with five dots; the first dot is blue and contains the number '1'. Below this is a lock icon with a female symbol inside. The text 'Enter your current PIN-code' is centered below the icon. Underneath the text are six dots representing the input fields for the PIN. At the bottom is a numeric keypad with digits 1 through 9, 0, and a backspace icon (a circle with an 'x'). The entire interface is on a white background with a thin black horizontal bar at the very bottom.

← 1

🔒 ♀

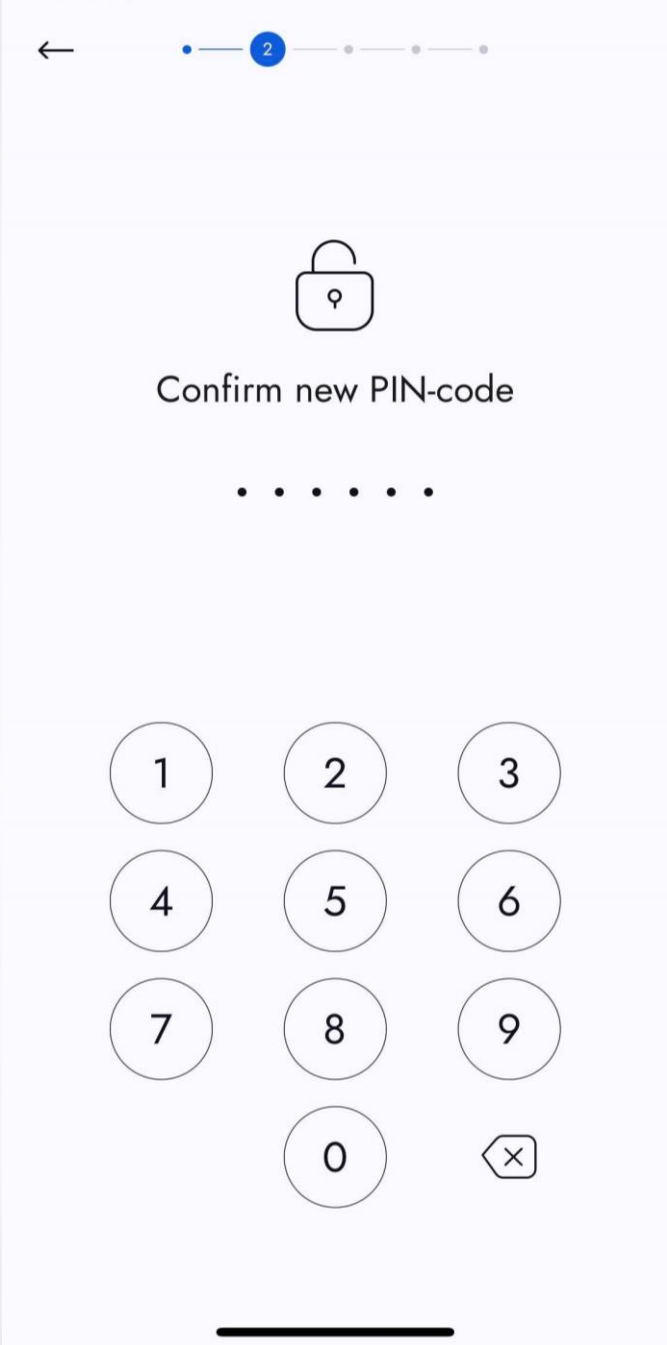

Enter your current PIN-code

.

1 2 3
4 5 6
7 8 9
0 ⌫

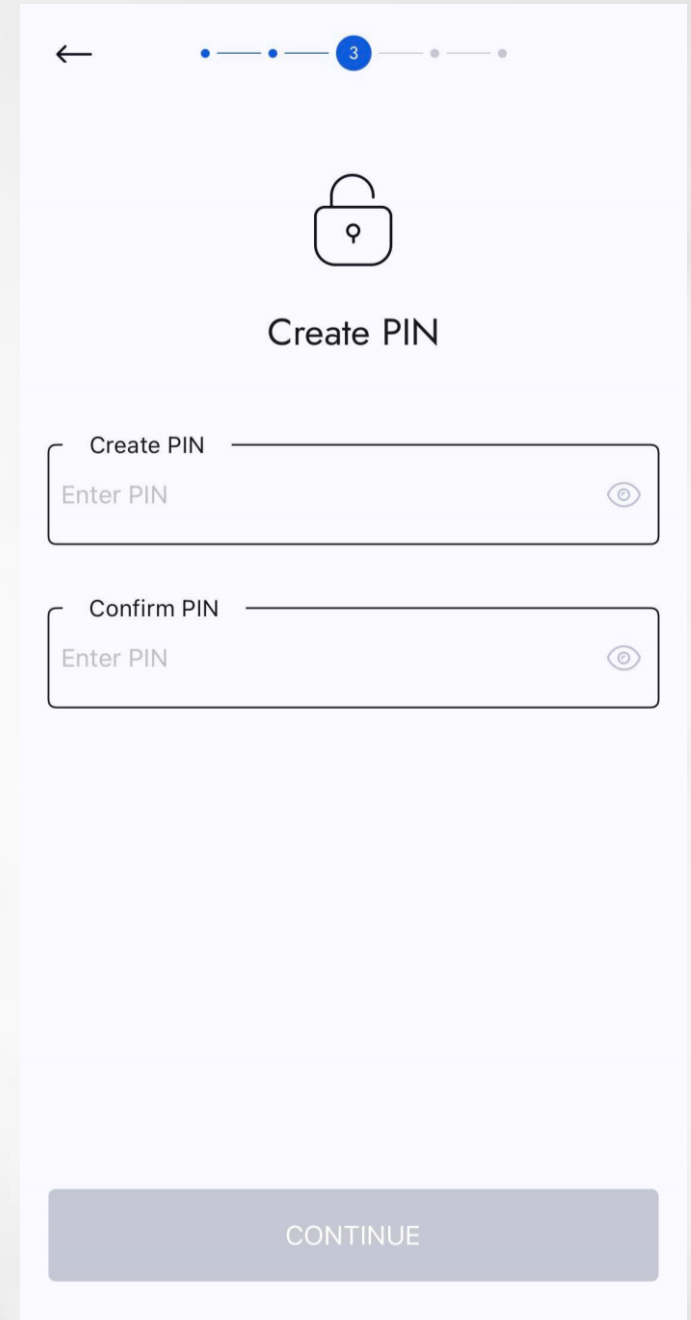

Confirm the log in code

Important !! If you lose your codes, you lose the value that you hold in your wallet

A mobile application interface for confirming a new PIN code. At the top, there is a navigation bar with a back arrow on the left and a progress indicator with four dots, the second of which is highlighted in blue and contains the number '2'. Below the progress bar is a light blue header area containing a lock icon with a female symbol inside. Underneath the icon, the text 'Confirm new PIN-code' is displayed. Below this text is a row of six dots, indicating the length of the PIN code. At the bottom of the screen is a numeric keypad with circular buttons for digits 1 through 9, a button for 0, and a button with a backspace icon (a left-pointing arrow and an 'x'). The entire interface is set against a white background.

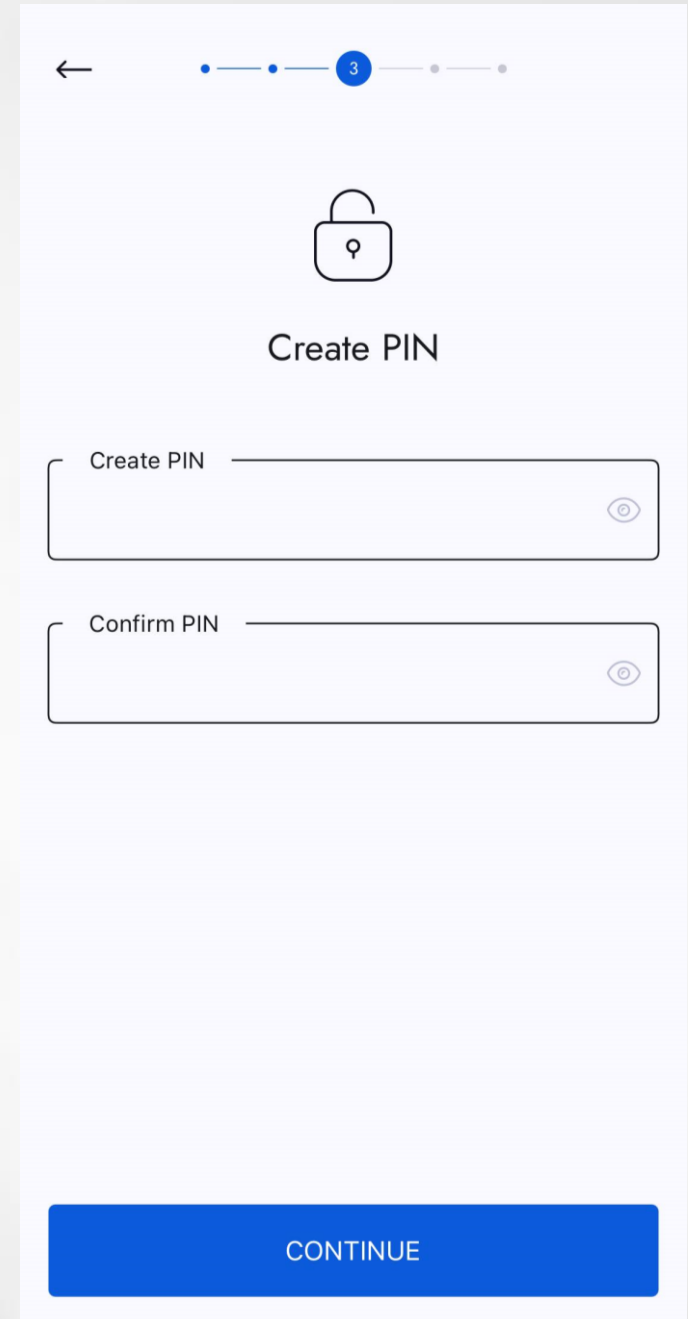

Create a transport pin
code, you will need this
code to re-install your
wallet

The screenshot shows a mobile application interface for creating a PIN. At the top, there is a navigation bar with a back arrow on the left and a progress indicator with five dots, the third of which is highlighted in blue and contains the number '3'. Below the progress bar is a lock icon with a keyhole. Underneath the icon, the text 'Create PIN' is displayed. The main content area contains two input fields. The first field is labeled 'Create PIN' and has a placeholder text 'Enter PIN' with an eye icon on the right. The second field is labeled 'Confirm PIN' and also has a placeholder text 'Enter PIN' with an eye icon on the right. At the bottom of the screen, there is a large, light blue button with the text 'CONTINUE' in white capital letters.

Click on “Continue” after typing in the code twice

Important !! If you lose your codes, you lose the value that you hold in your wallet

A mobile application screen for creating a PIN. At the top, there is a navigation bar with a back arrow on the left and a progress indicator with five dots, the third of which is highlighted and contains the number '3'. Below the progress bar is a lock icon with a female symbol inside. The text 'Create PIN' is centered below the icon. There are two input fields: the first is labeled 'Create PIN' and the second is labeled 'Confirm PIN'. Each input field has a small eye icon on the right side to toggle visibility. At the bottom of the screen is a large blue button with the text 'CONTINUE' in white capital letters.

Now you will see your
“Private Keys”, you need to
write down these codes and
save them

Important !! If you lose your codes, you lose the value that you hold in your wallet

Enter Transport PIN

Enter PIN 

 Scan QR

Enter the symbols of private key and Transport PIN that you saved before

Verify

Your private keys are
now confirmed, click
on “Continue”

The screenshot shows a mobile application interface for verifying a mnemonic. At the top, there is a progress indicator with five dots, the fifth of which is highlighted and numbered '5'. Below this, the text 'Verify your mnemonic' is displayed. A message states: 'To save you data please scan this screen and print the resulting image'. The mnemonic is presented in a 4x4 grid of boxes, each containing a four-letter code and a superscripted number from 1 to 16. The codes are: 7MKE, EQDD, W7XJ, 7EPY, A3UA, LLMQ, YRUH, X9HA, WEAT, QEPF, V994, UJHV, QCPD, U7VH, 3RHW, and 34KM. Below the grid is a text input field labeled 'Enter Transport PIN'. A white confirmation overlay is positioned in the foreground, featuring a checkmark icon and the text 'Your wallet has been backed up!'. It also includes a warning: 'Do not show your private key to anyone. Protect it in the same way as your personal document (for example, password or ID Card)'. At the bottom of the overlay are two buttons: 'CANCEL' and 'CONTINUE'.

Verify your mnemonic
